Commissioners

Kim - updated group on development of PAAH  
AIPHA unable to sustain a quality IHA.  
Acoma will resolve some of problems  
experienced. Office will coordinate training  
for PAAH. Legislation will provide block  
grants to tribes. Office as in Albg.,

Ray - Welcomed audience to meeting. Work  
with participants.

Marvis - Emphasized who new bill will  
change the operation of IHA's. Acoma  
wants to create positive impact. Shared  
problems occurring in NW IHA. Ray  
sitting on rules committee, and  
able to provide 1st hand information  
back to PAAH. Bad experience with  
AIPHA is why Acoma left.

Joe A. - Stand for money for homes (housing)  
keep separate money. Decisions on priority  
list. Right to homes guaranteed by  
Federal Govt. Nothing else should  
suffer by block grant. Ask to  
support IHA when ~~to~~ allocation

at least local. Fighting with the  
taken and internally within tribe.  
Demands from government less that  
contained land are maintained

Block grant is desirable.

Geographical situation: land equity, Authority fund  
lenders who will provide financing.  
Cooperate input on land and property  
ownership.

Utility etc. services other than  
MIPA. Subsidiary funding may be available
